This should also have a link under
it saying "add via email" which will
allow any attahments to email
messages to be added to the
unsorted documents automatically.

TO-DO Panel (customer gets to this when they click "to-do" tab in transaction menu bar)

| Checklist View | Calendar View |

See Following Pages

CHECKLIST VIEW for To-Do   Tabs to toggle between checlist and calendar views

Checklist	Calendar

Jan. 1 2018 -   Title 5 Inspection

Jan. 15 2018 - Make Necessary Repairs

etc.

Users can change the
dates for certain events, and delete
certain events. ALso users can check off events.
Events that have been checkd off will
appear crossed out.

When a user clicks on a list item,
a dropdown list should appear below the list item. If the
list item has any accompanying documents, a button will appear
permitting the user to upload the document (if it hasn't been uploaded yet),
or to download the document(if it has already been uploaded). Also, if
the item requires the user to hire a professioanal (e.g. take photos), the dropdown
list will contain a option for the user to "Collect bids" from professionals on our site, or
to view the profiles of professionals on our site.
